RATIC Monthly Science Talk Series

Sponsored by Arctic Infrastructure Action Group

- 3rd Thursday of the Month (starts 15 April)
17:00-18:30 GMT
- Sign up for [RATIC mailing list \(link in chat\)](#) to get schedule and Zoom links
- Opportunity for anyone to present papers and work in progress related to Arctic infrastructure
- Great opportunity for students and ECR to get diverse multi-disciplinary feedback on their projects

RATIC Workshop, ASSW 2022, Tromso, Norway

Main Themes:

- ❖ Methods for expanding Arctic infrastructure mapping and monitoring
- ❖ Strategies for co-design and co-development of research with Arctic communities, government and industry
- ❖ Data and observations from the MOSAIC Expedition on impacts of environmental and climate change on Arctic coastal communities

Participation:

- ❖ RATIC members and external researchers from different fields
- ❖ Strong involvement of indigenous scholars and Arctic residents
